

Call for Papers

The e-evolution of Information Technology in Cultural Heritage.

Where Hi-Tech Touches the Past: Risks and Challenges for the 21st Century

October 30 – November 4, 2006

Cyprus

Invitation:

You are kindly invited to submit a paper to the 2006 joint conference which will provide an opportunity to exchange research results, opinions, experiences and proposals on the best practice and hi-tech tools from Information and Communications Technology to document, preserve, manage and communicate Cultural Heritage (CH). The main goal of the event is not only to illustrate the programs underway but also excellent work wherever it is located and however it is supported, in order to promote a common approach to the tasks of e-documentation of World Cultural Heritage. Furthermore, regional capacities in the area of Cultural Heritage and IT will be facilitated in advancing their know-how through the exchange of information and generation of new ideas and cooperation's, where the world meets the finger prints of several ancient civilizations on earth.

To reach this ambitious goal the topics covered will include experiences in the use of innovative recording technologies & methods and how to take best advantage to integrate the results obtained to build up new tools and/or experiences as well as improved methodologies for documenting, managing and communicating CH.

The 2006 joint event will focus on interdisciplinary and multi-disciplinary research concerning both cutting edge Cultural Heritage Informatics and use of technology for the representation, documentation, archiving and communication of CH knowledge. The scope includes every phase of CH information technology: initial data capture/digitization, information/data processing, reconstruction, visualization and documentation as well as dissemination of results to the scientific and cultural heritage communities and to the general public. We are also interested in aspects of the wider legal and ethical responsibilities of Cultural Heritage Informatics. Research subjects parallel the interests of CIPA, VAST, Eurographics and EPOCH EU Network, including culturally significant monuments, artefacts and sites as well as the activities of museums, libraries, archives, and organizations involved with their care.

Topics:

Those researchers who wish to participate in this event are invited to submit papers on original and unpublished work addressing the following subjects:
